Sir:

This is in response to the Office Action mailed February 24, 2003, and having a period for response set to expire on May 24, 2003.

The following amendments and remarks are respectfully submitted. Reconsideration of the claims is respectfully requested.

IN THE CLAIMS:

Please REPLACE claims 1, 7 and 15-18 in accordance with the following:

1. (TWICE AMENDED) A power supply control device comprising:
a first power supply input terminal to which a power supply is provided via an interface power supply;
a second power supply input terminal to which a power supply is provided via an AC adaptor;
a power supply input detection unit determining whether an input of said second power supply input terminal is above a predetermined value;
a switching unit cutting off power supplied by said first power supply input terminal via the interface power supply, and activating a power supplied by said second power supply input terminal via the AC adaptor if the input to said second power supply input terminal is above the
